

Music Together® is:

Kids and grown-ups sharing songs, chants, rhythmic rhymes, instrument play, dancing, movement, and finger-plays in a nonperformance oriented, community setting.

Music learned through carefully researched, developmentally appropriate activities that support and respect the unique learning styles of very young children.

Nine different collections/ semesters in all.

A Mixed-Age format, with children ranging from newborn thru kindergarten age in the same class. This creates family atmosphere, enables siblings to attend together, and gives every child the freedom to participate as he or she chooses, without being burdened by age-specific expectations.

*Join us for a **Free Demonstration Class** at JW Music, 127 N. Hanover St., Carlisle. Call Janet Spahr, at 258-4934, to reserve your space.*

All Children Are Musical!

At Music Together® we believe that music ability is as much a basic life skill as walking and talking, and that all children can learn to sing in tune, keep a beat, and participate with pleasure and confidence in the music of our culture.

We introduce children to the joys of making music instead of passively receiving it from CD's, radio, or television. Because young children instinctively respond to and imitate their loved ones, the active participation of parents and caregivers - regardless of their musical ability - is an essential part of the rich musical environment we create.

And it's fun! Very young children learn best through play, so our teachers are specially trained to foster an enjoyable, easy atmosphere where adults can relax as they play musically with their children. By providing 2 CD's and a songbook to take home, we hope to inspire spontaneous music-making as a regular part of your everyday family life.
